FOR IMMEDIATE RELEASE

Water to Thrive (W2T) Achieves Prestigious GuideStar Platinum Rating Recognized for Commitment to Transparency and Impact in Providing Clean Water Solutions

Austin, TX – July 25, 2024 – Water to Thrive (W2T) is proud to announce that it has been awarded the prestigious GuideStar Platinum rating, the highest level of recognition offered by GuideStar, the world's largest source of information on nonprofit organizations. This distinguished honor reflects W2T's unwavering commitment to transparency, accountability, and measurable impact in its mission to bring clean, safe water to rural African communities.

A Milestone Achievement

"This Platinum rating from GuideStar is a milestone achievement for Water to Thrive," said Susanne Wilson, Executive Director of Water to Thrive. "It underscores our commitment to operating with the highest levels of integrity and transparency. We are deeply grateful to our donors, partners, and volunteers who make our mission possible. This recognition is a testament to the trust and support we have earned over the years."

What the GuideStar Platinum Rating Means

Achieving the GuideStar Platinum rating signifies that Water to Thrive has met the highest standards of transparency and accountability. This recognition is awarded to nonprofits that go above and beyond in their disclosure of critical information, ensuring that donors, partners, and the general public have access to in-depth data about their operations, financial health, and the measurable outcomes of their programs.

Key Highlights Of The GuideStar Platinum Transparency Rating

Commitment to Transparency: W2T provided comprehensive details about its financial health, operational strategies, and programmatic outcomes.

Demonstrated Impact: The Platinum rating showcases W2T's dedication to measuring and sharing the tangible results of its efforts. This includes detailed metrics on the number of wells constructed, communities served, and the transformative effects on community health, education, and economic opportunities.

Accountability and Trust: W2T demonstrated accountability to stakeholders, ensuring every dollar donated was maximized for its intended purpose. This recognition reinforces their 100% promise.

"All donations designated for water projects are used exclusively for the implementation of wells."

About Water to Thrive

Water to Thrive is a non-profit organization dedicated to bringing clean, safe water to rural African communities. Since its founding, Water to Thrive has constructed over 1,900 wells, providing life-changing access to clean water for 900,000 people in the countries of Ethiopia, Tanzania and Uganda. Our mission is rooted in the belief that water is a basic human right, and we strive to transform lives through sustainable water solutions.

"I believe the success of our projects over the years is directly related to the strong bonds we have built with our in-country partners. Partners who we not only value and trust, but who are passionate about community transformation."

-Susanne Wilson

About GuideStar

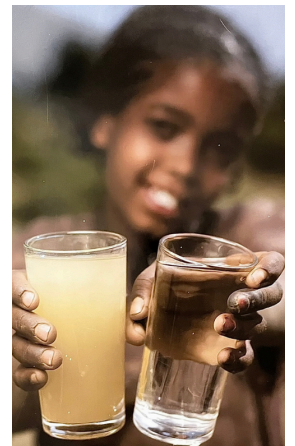

GuideStar is the world's largest source of information on nonprofit organizations. Each year, millions of people use GuideStar information to make decisions about their donations and support. GuideStar Platinum is the highest level of recognition offered, representing a commitment to transparency and accountability.

Continuing The Mission

Water to Thrive remains steadfast in its mission to provide sustainable water solutions to rural African communities. With this GuideStar Platinum rating, we are more equipped than ever to engage with our supporters, demonstrate our impact, and continue expanding our efforts to bring clean water to those in need.
